WINZER KREMS GRÜNER VELTLINER KREMSTAL RIED KREMSER OBERE SANDGRUBE RESERVE 2023

Impressive as this is freshly opened, you need to slowly sink into it to get everything from this rich and full-bodied gruner veltliner. Very well balanced, the slight spitz accentuating the garden herb freshness and sea salt minerality that together lift this right through the long, well-structured finish. Sustainable. Drink or hold. Screw cap.
